YFCM Antananarivo ministry updates March – April 2018

We have recruited 23 new volunteers in Tana from February 2018. A Workshop was organised in March to help them to understand what are the different ministries they can be involved.

Following were the highlights of the workshops

- Prayer and God's Word sharing session
- Dealing with our overall 3-year strategic focus and then

specifically concentrating on this year strategic focus. This includes discussing our ministries, the target audience, the numbers of Volunteers needed for each project, our annual calendar and finally roles and responsibilities.

- Then, we tackled the administration procedures when handling the different ministries to ensure

that reporting and statistics are systematically available and collected. Our ministries in Tana are *i*) Prison ministry *ii*) School ministry *iii*) Operation Smile ministry (surgery of cleft-palate children and teenagers), *iv*) Youth club in Ampandrana and Ampitatafika and *v*) Partnership with the Malagasy Government for different civic actions such as flag hoisting, sharing foods for needy families. They started to serve since

All of them were well prepared and already working on the fields right now with joy and felt spending their lives for a meaningful and everlasting purpose for God.

YFCM Antsirabe ministry up-dates

Antsirabe is situated 3 hours drive to the South from Antananarivo. Here youth for christ Madagascar were pioneered by David kadalie twenty years ago. Today God is at work with Power and with the new generation living over there.

Music group

On Saturday afternoon, Power the centre Coordinator is ministering with twelve young people in his music group. The objective is to develop their talent and desire to praise the Lord, but sharing the life and the love of Our Lord Jesus Christ and His works of Salation to those young people as our main mission.

Partnership with local churches are developed through our visits and missions to them, at the same time we ask pastors to pray for youth for christ Antsirabe volunteers, that they would be walking and rooted in Christ.

Kids come to yfc centre and expect to develop their gifts, but the same time Power takes that

opportunity to experince God's love for them and offered His Only Son to die for their sins. Also God gave His life through the resurrection of Christ from the death, and regenerated those who believe in Him.

Delequency weekly ministry

Because of the partnership with government, we run our weekly programme with 35 teenagers at a delenquency centre in Antsirabe. Power and his team preach them the Gospel, discipling those who are born again and teach them English as they were requered to.

Because of our weekly intercession. They are more opened to the Word of God. Some have a big desire to be free and come back to their parents, they earnestly cry out to God with us , God is gracious and answer their prayers. Some of our staff met them on the street, they were so grateful and shared that God really hear our prayer.

According to G21 now vision, social involvement is one of our objectives to the ministry. This time yfcm donated clothes and hygene items for kids to show them that we care and love them.
