

## YOUTH FOR CHRIST MADAGASCAR NEWSLETTER MAY-JUNE 2018

We are saved to celebrate His glorious grace. God is faithful and showed His great love for us for the last couple months and gave us an opportunity to serve our young people and our community in an amazing way. We are not able to make it alone without the contributions of our precious friends and families in Christ. We want to take this moment to thank you for your prayers and for your supports for us. We ask God that you always find peace and mercy in Christ, as long as you live and serve Him faithfully.

### PRAYER INITIATIVE MOBILIZATIONS

We are committed to pray for young people consistently. We believe that Jesus Christ Our High Priest, Who is sitting at the right Hand of God and He is interceding forever for us. First we ask our staff, our volunteers and leaders to send prayer items on sms and on facebook and we pray for each other twice a week. We see God's intervention. Secondly, we are taking part with yfci global prayer, in each centre, on the first Monday of the months. Lastly, yfcm like in Fianarantsoa participates with the body of Christ, and mobilizing youth global prayer, once a year. This year it took place on the 20th of May, in front of the Chef of REGION's office with different christian youth Organizations like Scripture Union, School Biblical Group..etc...We all dependant on God.

**Hebrews 7 : 25 « He is able to save completely those who come to GOD through HIM »**

*HE LIVES FOREVER TO INTERCEDE FOR THEM*

## SOCIAL INVOLVEMENT AND YFCM VISIBILITY

We are so involved into community events In different chapters of yfcm Madagascar.

1) yfcm Amparafaravola's staff and volunteers took part on marching with armies, different schools and organizations on the 26th of June 2018. This is due to the Chef of District's invitation for the 58th of Madagascar Independence Day celebration. Our target was to participate into national event and for yfcm visibility after 2 years registration in the government office in Amparafaravola. Parents came immediately and asked about our mission, then they sent their kids to yfcm centre. 73 Young people from the government College crowded to attend our weekly club, and increasing.

2) yfcm Alatsinainy Bakaro with Lalaina (carrying a box on the picture below) donated 3 computers to FJKM College. This happened because of the partnership with a Peace Corps volunteer, hosted by Lalaina's family for his 2 years commitment in Madagascar. Yfcm Bakaro already donated 3000 English books for opening a library last year. Kids are developed in many ways there. The principal, the teachers and the kids were grateful for 5 years partnership with yfcm Bakaro.

3) yfcm Antananarivo was called by the malagasy government to help distributing gifts for 1100 struggled families in the Capital city on the 21st of June 2018. Clement and their staff organized and sent 5 volunteers to help and to take part during the independence Day in Tana. This is due to the long-term partnership with the communication ministry under the malagasy government. We are emerged to be part of our community.

## EVANGELISM OUTREACH

The sacrificial death of Jesus Christ, His infinite love and accepted to be cursed on the cross for us, His resurrection from the death was to regenerate us into the new hope. This message was preached to a thousand of young people in Madagascar through our direct ministries in May-June 2018. First, we do school ministry. We reach 140 kids in Tana, and about 145 kids in Bakaro.

Secondly, 12 volunteers of yfcm Tana preached the Gospel to 98 young men, under 18 years old at the prison. 88 of them gave their lives to Christ and follow the discipleship process (it is forbidden to take pictures at the prison).

Lastly Radio G21 ministry is so effective in Fianarantsoa. 6 yfcm volunteers run weekly program at Rfone station, every Sunday afternoon. The relationship between parents and children, following Christ servanthood model was discussed during May 2018. We got good responses from listeners. The director of the Radio station appreciated us so much and proposed yfcm Fianarantsoa to run new Television program, on his TV station from next month. We preach CHRIST in our cities.
